BATTLE RAGES ON REPEAL BILL

Speaker Scheduled to Begin Speech Late This Afternoon.

TO VOTE AT 6 O'CLOCK.

Clark Will be Allowed an Hour—Great Interest Manifested at Capitol—Galleries Crowded.

Washington, March 31.—The House met today to fight to a finish before the adjournment over one of the most vital questions ever to confront that body—the administration proposal to repeal the "free tolls" cluase of the Panama canal act.

A vote on the Sims bill, wiping the provision for the tolls exemption of coastwise shipping from the statute books, will come about 6 o'clock today.

Partisan lines are not apparent today. The principal speeches in opposition to the repeal bill, are scheduled from Speaker Champ Clark and Minority Leader Mann.

It is planned that Speaker Clark will close the debate for the opponents of repeal. He is expected to take the floor about 4 o'clock. He is to have an hour to defend his own position and to strengthen that of members who have opposed the President.

The Speaker has been at work upon his speech for several days. He was in the chair but little yesterday. He spent the day instead in his private office, writing in longhand what undoubtedly will be the effort of his legislative career.

Mr. Clark has carefully guarded his thoughts and has not yet made public advance copies of his speech.

DENOUNCES SURRENDER.

Rev. George Chalmers Richmond, of Philadelphia, Bitterly Attacks Prominent Men.

Philadelphia, March 31.—Rev. George Chalmers Richmond, rector of St. John's Episcopal Church, in a sermon yesterday on Christ and Our American Rich Men," said:

"We are fast becoming a nation of cowards. Our universities are already hotbeds of undemocratic sentiment. Former President Taft, President Hadley, of Yale, and President Butler, of Columbia, talk and teach almost any kind of doctrine which will ravish and captivate the minds of men of great wealth whose business interests and industrial holdings are of an international character. The pact international has upset the moral gumption of many of our great leaders of thought and life. Of course 'Joe' Choate is in favor of repealing the exemption clause, for Choate is more loyal to English ideas than to American principles of Christian progress.

"We are not a nation of Englishmen. We are Americans, a new kind of man, pioneers in the realm of a new and larger kind of human freedom than England ever dreamed of having.

"The peace ideas of Andrew Carnegie are not in accord with the gospel of Jesus. They come as a result of international hobnobbing with kings, prelates, lords of industry, and haters of American democratic policy. England is afraid of the kind of human freedom she sees growing up in our land. She will trick us if she can. Today, through the blind leadership of President Wilson, who has come under the spell of "internationalism," England laughs at our weak-kneed statesmen, who have become blinded by Carnegieism, Choatism selfishness, and are about to bow the knee to an international loyalty which is against democratic ideas of commercial progress and is opposed to a true Americanism."

New York, March 31.—Charging that Evangelist "Billy" Sunday called him "a fool whose brain was on the melt," at Wilkesbarre, Pa., Charles H. Bell filed suit for $25,000 in the supreme court here.

HIGH SCHOOL PLAYS.

Great Treat Promised to Those Who Attend.

A great treat and an equal surprise is in store for those attending the Alexandria High School's entertainment running two consecutive evenings, Thursday and Friday of this week at th Westminster Building.

The students have given much attention to each detail of their performance that their first efforts might meet with approval.

The first part of the program presents a unique play entitled "Every Student," most suited for High School boys and girls wherein such characters as Ambition, Perseverance, Truth, Wisdom, Result, (being either Success, or Failure,) Bluff, Good Sense, ood Times, Latin, Athletics, Mathematics, etc., all play their part in their time. "Every Student" is on the order of the plays, almost classics, "Every Man" "Every Woman," whose meaning are as much in lines unspoken as spoken and the parts taken have been well studied.

The rehearsal last evening proved that there was much talent among all the students as well as "Every-Student." The last half of the program is a dramatization of Tennyson's "Princess" and is more elaborate in production than the former. The lines are read admirably by those taking upon themselves the responsibility, especially the prince whose fervor equal to one of more than sixteen years. His companions Florian and Cyril, do not lose any of their glory in accompanying him as they too, are well versed and talented in their parts. This little drama gives opportunity for the introduction of pleasing themes, such as the "Poetry of Motion," class of Lady Psyche Tennyson's Bugle Song enacted by a well trained chorus and the favorite lullaby, "Sweet and Low."

The lines are well read by the young ladies, taking the parts of Lady Blanche, Lady Psyche, Melissa, etc., and the princess is one, not only to quen's taste should be said of her, but to the prince's own.

MUST KEEP SILENT.

Instructs Deputies That Income Returns Are Strictly Confidential.

Richmond, Va., March 31.—Collector of Internal Revenue M. K. Lowry, acting upon instructions from Commissioner of Internal Revenue Osborn, has issued orders to the men engaged in the income tax collection work, that under no circumstances are they to divulge the nature of the returns made to the government by taxpayers.

The commissioner's order, which was addressed to all the collectors of internal revenue, reads as follows:

"The attention of collectors of internal revenus, internal revenue agents and other officers concerned, is invited to section 3167 of the United States revenue statutes, which prohibits the disclosure of information contained in income and other returns of internal revenue taxpayers.

"All internal revenue officers will preserve as inviolably confidential all income tax returns, as the slightest infraction of the law upon this subject will be severely punished."

It is understood that this sweeping order was issued as the result of charges made in Chicago that the women income tax collectors of that city, who were employed to assess the personal property of the wealthy taxpayers, were talking. There has been no evidence of any character to indicate that the income tax deputies attached to the internal revenue district have been gossipping about the returns, but the promulgation of the commissioner's decree will be a guarantee against any indiscreet cenversation in the future.

Gave Her "Love Powder."

New York, March 31.—Annibelle Berardinelli, a handsome young Newark druggist was disfigured for life, when Mrs. Grace Carlesimo, with whom it is alleged he had been friendly, slashed his face with a razor.

The Carlesimos lived over Brardinelli's drug store before their separation some time ago. Last Saturday Carlesimo had his wife and the druggist in court on a statutory charge, which was subsequently distrissed. At the time she inferred she had been given a "love powder," but Brardinelli declared all he had ever given her was some magnesia.

PHYSICIANS MUST PAY LICENSE TAX

Act Exempting Them Takes Effect Too Late to Change Assessment.

GETS LEGAL OPINION.

Under the Ruling of the Attorney-General the State Will Save About $45,000 on Income of Year.

Richmond, Va., March 31.—On advice of the Attorney-General, State Auditor of Public Accounts C. Lee Moore ruled yesterday that physicians and surgeons should be assessed for their 1914 license taxes, as heretofore. The act of the recent General Assembly exempting physicians from payment of licenses will not take effect until June 20, by which date the assessments of this year will have been completed.

Mr. Moore issued yesterday the following official notice to commissioners of revenue:

"The act relieving physicians of the payment of State license tax is not an emergency act; therefore is not in force until on and after June 20; consequently physicians must, for the license year, commencing May 1, 1914, take out license as is provided for in the tax laws of 1912."

This ruling will mean a saving to the State during this year of from $43,000 to $45,000

The act in question became a law without the approval of Governor Stuart. As it will not apply to the 1914 assessment, the new law becomes a moot question, as it is anticipated that the Tax Commission will revise the whole system of license taxes, and in so doing it will not be bound in any way by any act of the recent session. Governor Stuart allowed this bill and the rolling stock act to become law without his signature, holding that both matters should be left open for the consideration of the special session on taxation, which may decide on the entire revision or abolition of the license system, and will certainly consider a plan for segregating to the State all rolling stock taxes. It is stated that the rolling stock act, as recently passed, will have the effect of largely reducing the amount to be paid by the railroads for tax on cars and engines, as the tax will hereafter be paid at local county rates, rather than at the higher city rates, which have heretofore prevailed.

The meeting will adjourn at four to be followed by a meeting at the home of Mrs. Kate Waller Barrett, where they will meet in conjunction with the wheel club of Washington.

WILSON DEFENDS REPEAL.

Advises Repudiation of Plank in National Platform.

Washington, March 31.—President Wilson declared yesterday that on account of the contradictory statements in the Baltimore platform Democrats should have no hesitation in voting for the repeal of the Panama Canal tolls exemption.

The President emphatically characterized the exemption as a subsidy and pointed out that one plank in the Baltimore platform expressed opposition to any subsidy, direct or indirect, while another plank declared for tolls exemption. The President asserted there should be no doubt among Democrats as to which should take precedence.

Mr. Wilson reiterated that exemption never was a policy of the Democratic House because it was passed through a coalition of Republicans and a minority of Democrats, the majority of Democrats voting against it on the ground that it was subsidy.

The President explained that even if the international situation to which he referred in his message had not arisen, he would have been opposed to the tolls exemption as against Democratic doctrine. But he indicated that if it were not for the international situation he did not feel that it would have been proper for him to question the acts of a previous administration.

The President said he had no anxiety over any political friction in the Democratic party over the result, and referred to the repeal contest as not a "capital operation" but just a "convalescence."

Mr. Wilson let it be known that he was unqualifiedly opposed to any compromise or amendments, such as have ben proposed in the Senate. He is for a straight repeal without equivocation.

Former Lieutenant Governor H. T. Miller, of Indiana, will seek the Republican nomination for United States Senator.

TORREON STILL HOLDING OUT

Defenders, However, Said to be Ready to Surrender Garrison.

VELASCO DELIRIOUS.

Villa Said to be Waiting Orders From Carranza as to Terms With Federal Commander.

Juarez, Mexica, Marc 31.—Reports that an armistice is in effect between Mexican federals and rebels at Torreon, in order that General Jose Refugio Velasco, the federal comander, may treat for the surrender of the city to General Villa, were practically confirmdi today by officers close to Gen. Venustiano Carranza, first chief of the Mexican revolution.

It was impossible to learn from Carranza himself whether the report was true, because he refused to be seen by newspaper men, but it was stated on high authority that he had received news to the effect that Villa, who had put the whole matter up to his chief, and caused a cessation of hostilities while awaiting the reply. Carranza is said to have replied to his message, but what course he outlined is not known.

General Velasco, Federal commander at Torreon, went wildly insane while raging up and down the trenches at Gomez Palacio, in one of the seven assaults made by the constitutionalists before that stronshold was taken, according to Robert Dorman, staff photographer of the El Paso Morning Times, who reached El Paso late Monday night, direct from the battlefield.

Federal soldiers were compelled to overpower their chief and lock him in a room in a hotel until he had recovered his senses.

It was Velasco's absence from the firing line which caused the circulation of rumors that he had been slain in battle. His bravery was noted by every one at the front, and ultimately his death was looked for by every one who observed his courage and unnecessary exposure to the fire of the enemy.

Dorman said Col. Victoriano Huerta, son of the Mexican dictator, was killed in the trenches at Gomez Palacio in one of the earlier attacks, according to federal prisoners taken by Villa. Colonel Huerta had displayed marked valor, they declared.

LADY MACCABEES MEET.

The local hives have arranged an elaborate entertainment for the visitors and today after the service, a banquet will be served at the hall. "HIGHER CRITICISM."

Pictures Christ as Greatest Socialist.

New York, March 31.—That the theological seminaries of the country, and those professors and ministers who teach the "higher criticism" are doing more than perhaps any other class to advance the social revolution was the startling statement of Bouck White, author of "The Call of the Carpenter," whose new book, "The Carpenter and the Rich Man,' has just been published.

"I am a graduate of Union Theological Seminary, of New York," said Mr. White. "Some of my comrades of the revolution look coldly on the seminary up there shouldering Columbia University they regard the men engaged in modern Biblical scholarship as a set of academic owls quite blind to and unconcerned with the economic upheaval of our time. Vastly in error. The professors at Union, and whosoever teaches the higher criticism, are doing more than perhaps any other one group to advance the socialism in which we believe.

"Christendom reposes upon a book, the Bible. So long as that Bible was supposed to teach peace and quietness, christendom had peace and quietness But now comes Biblical scholarship, and show, by cool masterly science, the Bible is one long cry for human and popular rights, against the arrogance of the monyed mighty.

"Scholarship, as foupd at Union and elsewhere," he continued, "teaches that Moses, with whom the authentic narrative commences, was a labor leader—commissioned by the most high to organize the brickmakers in the Goshen plant. He was a sabotager, too; he slew, in that strike, one of the Egyptians, the masterclass. Thus the book of Exodus is the story of a labor walk-out. The Bible is one long argumentation of the thesis that the working class, is God's elect.

"The Carpenter of Galiliee, was, if anything, a more intensely class conscious revolutionist than the old Testament agitators. The common people heard him gladly. And the charge upon which he met his death was "He stirreth up the people."

Fifteen Babies Lost.

New York, March 31.—All records for lost babies were broken yesterday at the west seventeenth station, where Lieutenant Ivory had to assign a special squad to watch fifteen youngsters who were all waiting to be called for.

All had been brought in between noon and six o'clock. It was a big bargain day in the shopping section, and mothers had missed progeny while saving money.

BIG ORDER FOR ARMY WAGONS

Will Put Quarter-Master General's Department Under War Footing.

TO HAVE 700 HORSES.

Summer Manoeuvres Will Require Great Expenditure and a Considerable Amount of Labor.

Richmond, Va, March 31.—Sixty army escort wagons for the use of the Virginia militia were ordered yesterday from the War Department by Adjutant-General W. W. Sale. The requisition was made on recommendation of Lieutenant-Colonel Allen Potts, Quartermaster-General of Virginia Volunteers, who is rapidly getting his department upon a war footing. The wagons will be delivered immediately, and will be used for the first time in transporting supplies for the troops participating in the maneuvres in and around Washington this summer.

General Sale has received a number of communications from General Evans, U. S. A., commander of the Department of the East, relative to the big war game which will be staged in this state. The arrangements for the maneuvres have not been completed, however, and about the only thing definitely settled is the fact that Virginia, the largest unit of the eighth division of the National Guard, will form part of the defending army which will repe lattack upon the capital by the seventh division, composed wholly of Pennsylvania, New Jersey, Delaware, Maryland and West Virginia troops will assist the Virginia militiamen.

In order to give some idea of the work connected with the manoeuvres, it will be necessary to furnish more than 700 horses and mules for the troops of Virginia alone. The State officials have not yet been informed whether the animals must be supplied by them, or whether the War Department will provide them. If the former, it may be necessary for the State to buy the horses, as was done two years ago, when the First Battalion, Field Artillery, went into camp at Taylor's Crossing.

The horses were afterward sold at about the cost prices, but if this procedure is to be adopted again, it will be necessary to open negotiations in a short time, as it is a different undertaking to get horses equal to the heavy tasks which they will be forced to do.

The War Department has notified General Sale that $25,000 will be the amount of Virginia's allottment for the maneouvres. In addition to this sum there will be $20,000 available from the annual general appropriation. The pay of the troops will be nearly $20,000, railroad fares, $12,000, and food, forage for the horses and incidental expenses will take up the balance. If the State furnishes its own horses the money at hand will not be sufficient to meet the demands, as there is no provision under the Virginia law for an oppropriation from State funds.

No date has yet been set for the war game. The War Department has requested the military authorities of each State to notify it in regard to the most convenient time. General Sale has selected from August 1 to 15 as the best time for the troops of this state, but the War Department will make no decision until the other troops are consulted.

With the arrival of the wagons ordered yesterday, the State will have seventy-nine wagons and twelve ambulances at its disposal. This number is required as the equipment in time of actual service. The new wagons will be stored at the state camp site at Virginia Beach, with the exception of twenty, which will be kept here at the local armories.

Each of the wagons requires four mules, making a total of 316. The three batteries of artillery need 312 horses, while the individual mounts for the officers will be less than 100. It is not thought possible that this number of animals could be rounded up in Virginia for the ten days of the manoeuvres.

Some ways of life

Sometimes I sit and rest awhile amid
life's care and trouble,
And think some thoughts as light as
air and blow the pretty bubble.
I can't indulge expensive tastes or live
beyond my station,
But I can go the limit in my imagination.
And thus I lighten burdens and smooth
wrinkles out of care.
If I cannot build a castle real I build
one in the air.
But here's a real experience I want to
tell about,
It's those well-fitting, nobby suits that
I am turning out.
Yes, the Suit is the real thing, so
come to me and be measured.

Transfer of King Street Landmark Made Yesterday.

The real estate firm of Graham & Ogden has completed the transfer of the property known as 815 1-2 King street, belonging to the heirs of the late Noah Rittenour, the purchaser being Mr. Notley Ball, of Purcellville, Va.

With the demolition of the old Rittenour home, which began today, there will have passed one of the oldest landmarks on King street, and in its place a large two-story building will be erected, and when completed will be one of the handsomest on King street.

The purchase of this property by Mr. Notley Ball, after most careful consideration and advice, indicates the value of Alexandria real estate, as the consideration involved is $9,000 for the unimproved ground and the total expenditure, it is understood, will be nearly $20,000, again proving the claims of our citizens that realty values are in better condition today than ever before in the city's history, all of which portends a bright future for Alexandria.

The first floor of the building will be devoted to moving pictures, the auditorium being very wide and deep with high ceiling and every detail arranged for the convenience and comfort of its patrons. The second floor will be devoted to amusements according to the demands of the public, probably regulation bowling alleys for ladies and gentlemen. The alleys, if installed, will be of regulation style and absolutely noiseless to persons outside of the room, and patrons attending the picture performance on the floor below will be oblivious to the fact that there is an assemblage of any kind above.

According to present plans, the entire building will add materially to the appearance of King street.

DEATHS OF OLD CITIZENS

August Oehlert and Adam Martin, Well-known Residents, Join Great Majority.

Police Commissioner August H. Oehlert died at his home, 1203 King street, yesterday afternoon after a week's illness. The immediate cause of his death was acute Bright's disease.

Besides his wife, Mrs. Ida V. Oehlert, (formerly Miss Ida Howard), he is survived by two daughters, and three sons, Mrs. Anthony Smoot, Miss Ethel Oehlert and Charles, William and Forest Oehlert.

Mr. Oehlert was one of the best known citizens of Alexandria, he having lived here most of his life. He was born in Germany. but came to this country in early life and established himself in this city, where he had since resided. Pleasant and courteous in his demeanor, he made friends rapidly, and was justly esteemed by all who knew him.

While a few of his friends were aware of the fact that he was confined to his home by illness, it was not generally known that his condition was serious, and early last night when the news of his death was circulated, the announcement startled all who heard it.

The deceased was a member of the firm of Hamilton & Company, cigar manufacturers. Mr. Oehlert was prominent in fraternal circles, being past master of Alexandria-Washington Lodge, No. 22, A. F., and A. M., Alexandria Lodge of Elks and the Royal Arcanum. Several years ago Mr. Oehlert represented Alexandria-Washington Lodge at Beverley, England, Lodge of Masons, and was afterwards elected an honorary member of the English Lodge. He was also a member of the Merchants' Club, of this city.

Alexandria Lodge of Elks and the Board of Police Commissioners will both meet tonight at 7:30 o'clock to take action on his death. The funeral will be held from his home on Thursday afternoon and the burial services of the Masons and the Elks will be said at the grave. The police station was draped in mourning today on acount of his death.

Adam Martin, one of the oldest best known and most esteemed citizens of Alexandria, died at his home last night following a long illness.

Mr. Martin was born in Jedbury, Scotland, 86 years ago. He came to this country in early life and married Ann Bunning in Philadelphia, in 1855. He took up his residence in Fairfax county in 1858, and soon became a familiar figure in Alexandria, which city he often visited. For over half a century he mingled with our people and became generally known, enjoying the respect and confidence of all.

For many years he was a constant attendant at the Alexandria market, and in 1900 removed to this city.

The deceased was the senior deacon of the First Baptist Church. He leaves a widow and nine children: T. B. Martin, Mrs. Ida Shaw, Mrs. Mary V. Richmond, William Martin, Mrs. Margaret Birkmire, Mrs. Elizabeth C. Auld, Mrs. Flora L. Sims, Mrs. Nellie Carter, and Mrs. Jessie R. Heins.

His funeral will take place on Thursday from the First Baptist Church at 10:30 o'clock. Services will be conducted by the Rev. W. F. Watson, pastor of the church. His pallbearers will consist of his son-in-laws as active pallbearers, and the deacons of the First Baptist Church as honorary pallbearers.

NEWS OF THE OLD DOMINION

CHANCE FOR MISS TYLER.

Wilson Promises to Help Her if He Can Find Legal Way.

Washington, March 31.—Miss Mattie R. Tyler, granddaughter of the tenth President of the United States, yesterday found a sympathetic friend in President Wilson when she made a personal appeal to him to prevent her being displaced as postmaster at Courtland, Va., a position she has held for 16 years.

Miss Tyler charged that a clique of Virginia politicians had displaced her, and that if the civil service rule were to be applied Miss Sadie Cole, her assistant, who stood on the top of the list on examination, should be appointed.

The President told Miss Tyler he would take her case up with Postmaster General Burleson, and if there is any legal way for him to help her he would do so.

B. K. Basho, head of the Hungarian settlement near Courtland; Miss Kaan, of Boston, a magazine writer, and Miss Sadie Cole, a Northern woman who recently became a resident of Courtland, accompanied Miss Tyler to the White House, and were present at the interview with the President. After the party left the executive offices, Miss Tyler and Mr. Basho said they believed the President would help her if he could find a way to do so. Mr. Basho added that the President will be asked to suspend the commission of B. A. Williams, who has been named to take Miss Tyler's place and permit her to serve until the latter part of the year, when she will retire voluntarily. Mr. Basho stated that this compromise, which was suggested to them at the Post Office Department, is satisfactory to Miss Tyler.

"Miss Tyler does not wish to retire under fire," said Mr. Basho. "She will retire voluntarily at the end of the year. The suggestion has been made at the Postoffice Department and the President may agree to it."

At the Postoffice Department yesterday afternoon it was said that Mr. Williams has been commissioned, has given bond, and can take charge of the postoffice at Courtland at any time.

"Miss Tyler brought this trouble on herself," said an official at the Postoffice Department. "She did not take the civil service examinations. She did not ask the department to waive the civil service rules at Courtland, but permitted the examination to be advertised and held. The case, so far as the Post Office Department is concerned, is a closed incident."

Miss Tyler cites a precident for her case. She said that L. A. Manry, a nephew of General Mahone, was appointed and commissioned postmaster under President Roosevelt's Postmaster-General.

"Mr. Manry bought the boxes and started to buy a site for a postoffice building," said Miss Tyler, "President Roosevelt, however, stepped in and revoked the commission. Mr. Roosevelt found a way.''

JACKSON DAY IN VIRGINIA.

Special Contribution Day for Monument Fund is Designated by Committee.

Richmond, March 31—May 1 has been designated as Stonewall Jackson Monument Day throughout Virginia for the purpose of raising funds to erect a monument to the memory of the Confederate chieftain The following letter of announcement has been sent out by the committee having the affair in charge and liberal responses are expected.

"The Thomas J. (Stonewall) Jackson Corporation has directed me to address you a circular letter. The object of this association is the erection in Richmond of an equestrian monument to the memory of the illustrious soldier and patriot who gave his rare genius and inspiring leadership to the cause for which we contended, and then laid down his life in the crisis of his victory. It is a universal sentiment that there is an obligation to him that has been delayed; it is an obligation also to ourselves and a benefaction we must not fail to give to the generations to come.

"The women of Virginia, through the United Daughters of the Confederacy, are preparing for the effective use of Friday, May 1, throughout Virginia, in town and country, as Stonewall Jackson Monument Day, when contributions of any amount, may be made by men, women and children, giving all the opportunity of sharing in the great work. If there be a cordial and general response, all giving according to their means, it is believed that in one day Virginia will complete the necessary fund.

"We ask that our veteran comrades their sons and daughters, through the action of camps or by personal aid, give the women of Virginia their cordial assistance in every locality. Stations will be maintained on that day at public places, or collections made in other ways. The ladies of the United Daughters of the Confederacy will designate those who shall receive contributions."

MYSTERIOUS MURDER.

Head and Trunk of Body Buried Under Snow.

Norton, Va., March 31.—The story of the finding of a human body in the woods, about two miles from Glamorgan, this county, reaches here. The gruesome find was made a few days ago by Golden Perry, a citizen of Glamorgan. Snow was on the ground and he had started to a neighbor's house some distance away, and had taken a path through the woods. He was about two miles out from Glamorgan when he noticed a dog tugging at an object a few yards away. He walked to the spot while the dog slowly and shamefully departed. The object was hidden partially in the snow, and Mr. Perry suspected at first that it was a fowl of some kind. But when he turned the clump over he looked into the face of a human being. It was the head only, as most of the flesh was gone. The balance of the body was not to be seen.

He told his story to a neighbor and they went back to look for the body. They had not searched long until they found it about 50 yards removed from the head. The examination showed that the man had been shot in the back at close range, his clothing being somewhat scorched. The man was rather large, probably weighing 190 pounds.

There is only one clue to the identity of the person found. About three weeks ago the same Mr. Perry found a suit case in the immediate neighborhood where this body was found. It had been cut open and all articles of value apparently taken, leaving only a pair of trousers, a pay envelope and some other trinkets. The pay envelope had been issued by the Consolidated Coal Company, of Jenkins, Ky., and bore the name of "John Kingo," No. 140, Mine 206." It is said that the trousers found in the suitcase correspond to the coat worn by the man.

The condition of the body when found would indicate that life had been extinct from one to three months.

DEPUTY SHERIFF SHOT.

Edwin Curtis in Dying Condition After Being Wounded by a Negro.

Newport News Va., March 31.—Edwin Curtis deputy sheriff of Elizabeth City county, was believed to be in a dying condition yesterday as a result of being shot by John Henry Carter, a negro the officer had arrested in Hampton Sunday on the charge of selling whisky on Sunday.

The negro fired two bullets into the officer's body, one lodging near the heart. Mr. Curtis had made a raid on a disorderly place in Hampton and was endeavoring to get Carter to go to jail.

The assailant escaped, but was pursued by a crowd of citizens. Carter managed to elude his pursuers, however, and is believed to have boarded a boat going to Norfolk.

Killed Dodging Air Collision.

Strassburg, Germany, March 31.—Captain Reinhardt was killed yesterday in an aeroplane accident. He was a passenger on a biplane, which in making a landing, tried to avoid a collision with a monoplane and capsized, dropping 65 feet.

DEATH TOLL FOR THE MONTH OF MARCH.

The silent reaper has been busy in Alexandria during the month which closes today, crape having been placed upon a number of our doors. The grim ferryman has been called upon to carry pasengers over the Stygian flood nearly every day in the month, twenty-seven white Alexandrians having been called upon to pay the debt of nature during the past thirty-one days. Counting children and colored residents, the average was about two a day.

The funeral dirge of the late Carl Fleischmann had barely ceased yesterday when horses attached to the hearse which carried the mortal remains of J. Carlin Creighton to their last resting were prancing towards the home of the deceased. By the time his body had been committed to Mother Earth, Rev. Dr. Duffey, who conducted the services, was summoned hurriedly to the home of August H. Oehlert the sands of whose life were nearly run, and when the minister reached the bedside his feet had already entered that river without a bridge, and about an hour later this well known and popular citizen was stiff in death.

The many friends and acquaintances of Mr. Oehlert had barely recovered from the sudden announcement of his decease when they were again startled to learn that Adam Martin, another esteemed citizen, an octogenarian, had been called to lay aside his pilgrim staff.

Grim winter has ever been regarded as a type of death. The borean blasts lay nature low, while the severe conditions are a menace to the human race, especially those in whom the fires of life are burning slowly. Hence most of the deaths which have occurred since the beginning of the year have been of old people. In some cases funeral corteges have wound their way to the cemeteries facing blinding snow and piercing winds, in marked contrast to the imaginations of the ancients concerning the Elysian Fields or the sernity of the Christian's haven of rest.

There is no telling how many vacant chairs will be in our home by the time the bells begin to toll the death of the year 1914. These grim reminders of dear ones in the other werld bring silent tears to our midst.

All we can do is to wait with patience, as, according to the sure word of prophecy, the time will come when "there shall be no death, neither sorrow nor crying, neither shall there be any pain."

EXIT OF MARCH.

The departure today of the month of March was under comparatively serene conditions.

True to tradition, the month came in like a lion, carrying with it one of the fiercest wind storms for many years, followed by a severe cold spell. On March 2 the lowest temperature of the month was noted, when the thermometer registered a minimum of 2 degrees.

Taken as a whole, the month showed 2 degrees below the normal temperature for March which is 42 degrees.

The piercing northwest wind which accompanied the advent of March will long be remembered. It raged for twenty-four hours without showing any signs of diminishing in force, keeping people in this city and vicinity awake throughout that memorable Sunday night, most of whom were filled with anxiety

It was estimated that the velocity of the wind was 61 miles an hour. But little damage, however, resulted hereabouts. During the month a high wind caused great damage and loss of life in Europe. The wind in parts of Switzerland attained a velocity of 150 miles an hour, leveling miles of trees, wrecking and unroofing houses, and causing the greatest distress. Boreau blasts however, were far more destructive in Russia, where houses were demolished and thousands of persons turned into the streets to suffer during a terrible Arctic gale. France, too, had a terrible experience during the month from winds and rain.

Nothwithstanding the discomforts hereabouts during the capracious month of March, we have much for which to be thankful.

AN APPEAL TO PARENTS.

(Communicated.)

Since the paving of Cameron St., from Washington to Pitt street, when the weather is mild, daily and in the small hours of the night, little children, some of them hardly able to stand on their skates, can be seen coasting up and down on their roller skates in squads right in the middle of the street. Sometimes five or six abreast, holding on to a hockey stick.

Dashing up and down the streets are automobiles and heavy delivery trucks, trying with screeching horn and emergency brakes to keep from running over and perhaps maiming for life one of these little ones.

Now that warm weather is approaching, cannot parents take some steps to prevent their children from making a coasting rink of this now busy thoroughfare before some frightful tragedy occurs and some little maimed and bleeding form is carried to its home?

One resident of this neighborhood counted forty children, white and colored, skating in the middle of the street last November

Heaven speed the day when children of our town may have their own Public Play Ground which, by the way, seems to have fallen by the way side.

YOU CAN'T EARN MONEY WHEN YOUR'E LAID UP.

There are a lot of people in this town who cannot afford to be sick. Perhaps none of you feel that you can, but certainly some of you can't, for as soon as you are sick, your wages stop and worry and debts begin to pile up. The sensible thing for you to do, as soon as you feel run-down and worn-out, no matter what the cause, is to take something just as quick as you can to build up strength and health. Make yourself more comfortable and provide against serious sickness.

We don't believe there is any other medicine made that will do as much towards saving your health and thus helping you save your money as Rexall Olive Oil Emulsion. It is a medicine that gets right at the trouble and relieves it by toning the nerves, enriching the blood, and giving new strength and health to the whole body. It doesn't do this by means of alcohol or habit-forming drugs, because it contains none. Its strength and health-giving power is due to pure Olive Oil and Hypophosphites, long endorsed by successful physicians, the one for its food value, the other for its tonic value. Here, for the first time, they are combined, and the result is a real nerve, blood and body-building medicine — a real strengthener that we are proud to tell you about. You don't need to hesitate in using it, because if it doesn't do all we say, it will and satisfy you in every way, it will cost you nothing. If it doesn't make you strong and well again, come back and get your money. It will be given to you without word or question. Sold only at the more than 7,000 Rexall stores and in this town by Wm. P. Taylor, druggist, 626 King street.

Weak Lungs Often Lead to Serious Illness

If you have weak lungs, you are generally subject to colds or throat trouble and easily susceptible to serious Lung Trouble. In many cases pneumonia or bronchial troubles leave the lungs in a much weakened condition. Eckman's Alterative is a medicine for the throat and lungs which has been found to be very beneficial, even when a change of climate and other treatments failed to bring relief. Read of this case:—

203 S. Atlantic Ave., Haddonfield, N. J.
"Gentlemen: In the fall of 1905 I contracted a very severe cold which settled on my lungs. At last I began to raise sputum, and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alterative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, am fully restored to health. It is now seven years since my recovery has been effected, and I cannot praise Eckman's Alterative too highly."

(Signed) W. M. TATEM.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most effectious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

"Pipe smoking gives added pleasure to a golfer when the pipe is filled with Tuxedo. Tuxedo provides more keen enjoyment than any other tobacco I know."

ALEX CAMPBELL.
Country Club, Brookline, Mass.
"I am always glad to speak a good word for Tuxedo tobacco. Constant use of it only serves to make it better liked. Its fragrant, soothing flavor makes it the choice of many golfers."

ALEX ROSS
National Open Champion 1907, says:
"Tuxedo, cool and mild, is essentially the smoke that satisfies. Many of my fellow golfers agree with me in giving preference to Tuxedo."

Tee Up! Smoke Up!

As satisfying as the sounding smack of the perfect drive, is the open-air relish of the perfect smoke—Tuxedo. Both go together, too. When you grab your bag and start for the links, grab up your tin of Tuxedo and take it along.

"Follow through" the snappy afternoon with Tuxedo. Put Tuxedo in your pipe and you will *"put"* the best. And at "the nineteenth hole" rest up and relax with a good, solid smoke of Tuxedo. That's the advice of good golfers everywhere.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

It's worth *your* while to *try* Tuxedo. Especially if a sensitive tongue prevents pipe smoking.

Tuxedo positively *cannot bite*—not even if you smoke pipeful after pipeful, as many as you can crowd into a day or a week.

Tuxedo is made of only the finest, choicest, selected leaves of perfectly aged Burley tobacco. It is made by the original "Tuxedo Process" which removes *every trace* of *bite* and *sting* and develops *all* the wonderful mildness, fragrance and flavor of the Burley Leaf in a way that no other brand of tobacco has ever successfully imitated.

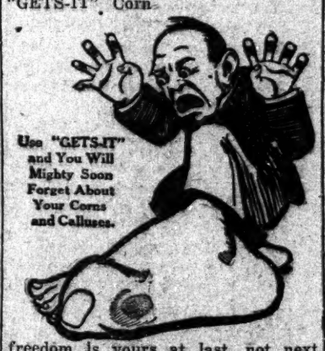
The deadlock between the soft coal miners and operators in the Central Pennsylvania conference was unbroken at yesterday's session in Philadelphia. The operators have refused to grant the modied demands of the miners and are urging that the two-year working agreement, which expires today, be renewed. The union officials came instructed to obtain at least the concessions that car pushing by the miners in the colliery recesses be abolished. The operators will not agree to this. Probably 75,000 workers will be out of employment for several weeks at least unless the deadlock is broken.

SWELL CORNS? TRY WONDERFUL "GETS-IT."

Greatest Corn-Cure World Has Ever Known. "Gets" Corns as Sure as Fate.

Thousands say "GETS-IT" is simply magic. If you've tried nearly everything under the sun to get rid of those corns, so much the better for "GETS-IT". Corn



freedom is yours at last, not next week or next month, but right now! "GETS-IT" goes after the corn as the crow goes corn. There are no more thick plasters and greasy salves that don't remove, no more files, razors and jabbers that make corns grow. Put a few drops of "GETS-IT" on and see every corn and callus shrivel and vanish. That's the new way, the painless, sure, safe, quick way. Only "GETS-IT" can do it. Apply it in 8 seconds.

Every druggist in the land sells "GETS-IT", 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Tired of the criticisms and annoyances she has suffered by reason of notoriety she gained in the Thaw case, Evelyn Thaw announces she will give up the stage and go into the movies, where she will not have to meet the public direct.

A story debate tok place in the New York East conference of the Methodist Episcopal Church at Mt. Vernon, N. Y., when a motion was made to tax all members of the conference earning more than $1,000 a year, in order to establish a fund for the relief of the underpaid country clergymen. Two-thirds of the clergymen voted against the principal of being taxed, but a proposal to make voluntary contributions of 1 per cent by clergymen with salary of more than $1,000 a year was overwhelmingly adopted.

MURDER OF MISS BECKER.

Sixteen-Year-Old Boy, Jean Gianini, Makes Full Confession of Crime.

Poland, N. Y., March 31.—Announcement was made yesterday by Herkimer County authorities that Jean Gianini, the sixteen-year-old boy held on the charge of murdering his former school teacher, Miss Lida Beecher, had made a complete confession of the crime.

In his confession he details with great accuracy how he met Miss Becher near the Poland postoffice and how he renewed his request that she visit his father and ask that he be permitted to return to the high school, from which he was expelled nearly a year ago.

Miss Beecher hesitated at first to go to the Gianini home, but she finally consented. On reaching the house the lad explained that his father was spending the evening at the home of a friend named Holcomb, a short distance away. He suggested that as long as they were out that far on the Cold Brook road, they inspect a house his father was building nearby.

Gianini told the girl they could see the new dwelling from the summit of the highway and Miss Beecher finally was prevailed upon to continue about 500 feet further.

"When we reached the summit of the road," said Gianini, "Miss Beecher told me that she would go no further, and that she would have to hasten back to the village. She also remarked that she would not endeavor to see my father that evening in my behalf, but instead would write him a letter."

The confession of the boy then narrates how he drew an iron wrench from his pocket and struck the girl twice on the head, a moment afterwards plunging a knife into her neck several times as she sank to the snow. The blows from the wrench did not render the girl unconscious and she struggled with her murderer until loss of blood and repeated blows on the back of the head and stabs with the dirk overcame her. The girl did not die immediately, but was insensible and helpless as the lad dragged her across the highway through the barbed wire fence and into the swamp, 100 yards beyond.

Depositing his ghastly burden in a snowdrift, Gianini fled to his home, washed the blood from his hands and from the knife and went to bed.

"Did you sleep well after killing the girl?" District Attorney Farrell asked the boy.

"Sure I did," was the ready response. "Wasn't I revenged ' '

Dawn of Saturday found Gianini fleeing from his home to the stable of Sam Hutchinson, for whom he had done odd jobs. He had a mission to perform at Hutchinson's. The wrench with which he had battered the girl to death had to be hidden and Hutchinson's barn was the place selected by him. He had a bowl of oatmeal at the Hutchinson home, made an excuse for not finishing the chores, and started down the railroad track toward Herkimer to attend a moving picture show. He reached Newport, five miles away before he was arrested.

ACID DASHED IN FACE.

Baltimorean Disfigured for Life, Say Physicians.

Baltimore, Md., March 31.—Opening the front door of her home at 7 o'clock last night, Mrs. Magdalena Kaluska, 43 years old, 722 St. Peters street, saw a young woman standing on the step. Before she had time to ask her mission, the visitor, without uttering a word, threw the contents of a glass supposed to be vitriol into her face.

With a scream that was heard nearly two blocks away, Mrs. Kaluska fell to the floor, and the other woman escaped after throwing the glass into the gutter. Patrolman James H. McIntire, of the Western district, was a block away, but, running to the house, he found Mrs. Kaluska semi-conscious, her face, breast and arms seared by the acid.

Two hours later Sergeants Schumann and Hill, of the Western district, following a clue, arrested Kate Lazenko, a Polish girl, 21 years old, and took her to the western police station, where she was charged with throwing acid on Mrs. Kaluska.

Mrs. Kaluska was taken to the University Hospital in the Western district ambulance. The acid had burned her face and neck horribly, and, according to the physicians, she will be disfigured for life.

According to Sergeants Schumann and Hill, the attack on Mrs. Kaluska was the result of jealousy on the part of Miss Lazenko, who admitted her love for a man known as Charles hapowica, a boarder at the Kaluska home. She told the police last night that she called at the St. Peter street house to see Chapowicz.

Owls Tonight

STRIKE AT HIGH SCHOOL.

Fifty Children at Laurel, Md., Refuse to Attend When Principal is Reinstated.

Laurel, Md., March 31.—Prof Roger L. Manning's return to the Laurel High School yesterday, after being reinstated by the Court of Appeals, caused 50 pupils to remain away from the school. He was dismissed last June by the Board of School Commissioners.

Prof. Kirtley J. Morris has been in charge of the school since September.

A massmeeting of the patrons of the institution has been called for this evening in the Masonic Hall. The school commissioners have been invited to attend and receive a protest.

In the crowd of about 100 which assembled in front of the High School yesterday morning were a number of patrons of the school. Many pupils would not enter the grounds while a number remained at their homes.

Professor Manning arrived at the school long before the opening hour. When he called the class together he found only about half of the children enrolled present.

When asked for a statement he had none to make now, but would probably make one soon. It is reported that he will resign at the end of the present school term.

Professor Morris, who was chosen to succeed Professor Manning, was notified Friday that the Court of Appeals had decided Manning had been improperly dismissed by the commissioners and ordered the board to reinstate him. Professor Manning will receive his salary for the entire year and the board also will be compelled to pay Mr. Morris.

Mr. Manning has been principal for fourteen years. A number of charges were made last year by patrons of the school of Mr. Manning's unfitness and his dismissal was asked.

As the teachers entered the school grounds they were cheered by the striking pupils, while the children who entered the school were hissed.

A number of parents have decided that they will keep their children away for the remainder of the school term rather than let them go back under Mr. Manning.

TEN THOUSAND MINERS OUT.

Strike Called in Eastern Ohio Coal Fields.

Wheeling, W. Va., March 31.—All of the 10,000 coal miners of the Eastern Ohio coal field in Belmont and Jefferson counties will walk out tonight pending the negotiation of a new scale for the district to take the place of the scale which expires April 1, according to announcement of the officials of the United Mine Workers of America.

It is reported the unorganized miners of the West Virginia panhandle, which is under the jurisdiction of the Ohio subdistrict, will probably go out with the Ohio miners. It is not believed the West Virginia field, other than the panhandle, will be affected.

All industrial plants in the Wheeling district have laid in large quantities of coal in anticipation of a lengthy tie-up of operations in the soft-coal fields.

Colliers, W. Va., March 31.—Contrary to expectations, the striking miners formerly employed by the West Virginia-Pittsburgh Coal Company, who occupy a tented camp here against the orders of Judge A. G. Dayton, of the United States Court, did not move from their tents yesterday. The United States marshal on duty made no move to evict the strikers.

The strikers were addressed by three speakers, who are said to have advised them to stay in their tents, as they were not violating Judge Dayton's injunction.
